XERO INTEGRATION OPTION

Abcom-BOS and Payroll now fully integrate with Xero.

Deposits, sales, payroll entries and month end inventory all import directly into Xero. In addition to the automation from the store, Xero interfaces with Lightyear, providing a real end to end solution.

Coupled with the ability to access your transactions on a daily basis from live bank feeds, you have the ability to harness all of the efficiencies that a fully cloud based general ledger system provides.

Abcom, Tanda, Lightyear and Xero really do make Beautiful Business.
